

Idea Innovation Challenge: Digital Art and Design of India (DADi-2K18) 26th-27th October, 2018

Idea Innovation Challenge: DADi-2K 18

The Government of Madhya Pradesh has laid great emphasis on Innovations in Government departments. Motivated from such Government initiatives at state as well as national level especially through Digital India, Smart City, Startup and Standup India, we have planned to organize an Idea Innovation Challenge for school going students of Madhya Pradesh and other states. Innovation is the buzzword of 21st century. It has revolutionized almost every corner of our surrounding. Innovation isn't solely represented by new devices, ideas or methods, but also by the process of uncovering new ways to do things. It can also pertain to modifying business models and adapting to changes to achieve better products and services. Innovation is not merely a word or an event. It's an ongoing process. One can innovate only after understanding a problem and try to find out its solution. Innovation and out of the box thinking are the key to realizing the New India.

Objective

The main objective of this challenge is to motivate school going students to showcase the Invention, creativity and resourcefulness and to think out of box and contribute towards innovation which will help the nation at large. The Innovation Festival is open ended, encouraging and generous in Spirit. It is about participation and not competition. It is a unique initiative of the TIIC-ABV IIITM, Gwalior to recognize, respect and reward grassroots innovations/ideas and is based on the theme "[Smart Citizen for Smart City](#)".

Eligibility and Awards:

All students from govt./private schools from class 6th to class 11th can participate. TIIC will offer cash prize, certificate of merit, medal, goodies and opportunity to work with TIIC as a member of Raman Innovation Club.

Participation and Submission of Idea

The participants interested to participate and present idea/innovation in DADi-2k18 must fill the online form available at tiiciitmg.com by submitting a registration fee Rs. 100/- per participant by 10th October 2018.
