ABOUT THE INSTITUTION

Atal Bihari Vajpayee Indian Institute of Information Technology & Management, Gwalior (ABV-IIITM Gwalior), is a deemed-to-be university established by the Government of India. The institute provides technical and management education in the areas of information technology, management, and allied disciplines. It is located on a sprawling 160-acre campus at the foothills of the historic Gwalior Fort.

ABOUT THE DEPARTMENT

The Department of Applied Sciences was established in July 2022 and was renamed the Department of Engineering Sciences in June 2023. Faculty members in Engineering Sciences have been teaching and conducting research at the institute since 2006, with the objective of equipping engineering students with fundamental concepts in physics and mathematics. The department offers a four-year B.Tech. programme in Mathematics and Scientific Computing, as well as Ph.D. programmes in Engineering Sciences (Physics and Mathematics) and related areas. These programmes aim to develop high-quality researchers in niche areas of computational and engineering sciences.
